

Winter Skills Training 2012

West Metro Futsal Indoor Facility

Hello everyone,

As winter approaches it is the time of year to plan for winter training. We are excited to offer winter indoor training at the West Metro Futsal facility this year. Last year we had a great turnout, and based on that, and the interest we have already received this year, we are expecting another great month of training.

We will train twice a week for 90 minutes each night through the month of January. This year to make the experience even more enjoyable and beneficial for the players, and to increase the amount of individual attention players will receive, we are breaking the sessions into two groups by age. This will allow more specifically designed training sessions to target the needs of the individual player. Additionally, by keeping the groups smaller it opens up a wider range of training activities including but certainly not limited to small sided games.

Space will go quickly as we hope to keep numbers limited to 35-40 players per session. This means we will only accept 70-80 players total for these camp dates.

*additional nights may be made available if numbers mandate.

Camp Details:

Camp Dates:

Camp will be held Tuesdays and Thursdays through the month of January. The camp will run from Thursday January 5th through Tuesday January 31st.
